** Saving on planned maintenance cost compared to diesel equivalent. Different conditions may apply depending on specific vehicle configuration, annual kilometres and mission.

Drive electric.

SUSTAINABLE

Access all areas with zero emissions.

VERSATILE

Ready to follow your business even in the most demanding missions.

SUPERIOR DRIVING EXPERIENCE

More user-friendly and comfortable than ever.

EMPOWERED BY SMART SERVICES

Maximizes your eDaily's uptime and your business productivity.

Access all areas, no limits, with the best van in town.

Capable, safe and user-friendly.

Whatever you may go in town for – load, deliver, sell or build – eDaily is your best solution for emission-free and noise-free urban travel.

eDaily is as versatile as Daily: it offers the same cargo volume, gross vehicle weight, agility, transformability as the Diesel versions.

The driving mode selector allows you to either extract maximum power or minimize energy consumption.

One Pedal Drive mode makes urban driving easier and converts brake kinetic energy into electricity reducing eMotor energy consumption.

With eDaily you have all your creature comforts; including the AIR-PRO intelligent pneumatic suspension which offers 25% vibration reduction, as well as all of the technologies and features of Daily that you are used to.

All the range for your daily routes.

As much autonomy as your business requires.

Different battery size installation allows you to match your eDaily's range with the scope of your mission. You can set your single wheel eDaily with LFP battery and your twin wheel eDaily with NMC battery. All this, together with up to 400 km autonomy in WLTP cycle, makes eDaily perfect for your operation.

RANGES		 77 kW/h	 74 kW/h	 111 kW/h	 148 kW/h
35S	WLTP	290	-	-	-
42S	WLTP	280	-	400	-
50C	WLTP	-	200	260	-
72C	WLTP	-	140	200	240

The following conditions apply: batteries at beginning of life and fully charged, battery cell temperature 23 °C, vehicles set in Eco Driving Modes and in Standard Regenerative Mode with no ADAS and air conditioning or heating. Reference models are: 35S VAN H1 WB 3.520 for 77 kWh battery, 42S VAN H1 WB 3.520 for 77 kWh battery, 42S VAN H2 WB 4.100 for 111 kWh battery, 50C VAN H2 WB 4.100 -74 kWh and 111 kWh battery, 72C VAN H2 WB 4.100 74 kWh and 111 kWh battery, 72C CAB 5,25 m² WB 5.100 148 kWh battery, with tyres class A and mechanical suspension. Actual ranges can vary depending on various conditions such as external elements, driving behaviour, vehicle maintenance, age of the lithium-ion battery.

Charging times to fit around your operation.

Easy-access front charging plug with different charging options.

The eDaily charging plug is easily accessible from whatever direction the cable is coming. Behind the flap which protects the plug from water and dust, a LED indicator shows the status and level of charge. eDaily can be charged in every situation, connected to charging columns, industrial sockets and home sockets. Fast charging up to 115 kW.

New lateral charging socket

To give you even more options to charge your eDaily in every situation, a new charging socket is now available on the side of the vehicle.

Charging made easy.

Start with IVECO eCharge Packs, the turnkey solution that combines private and public charging in one offer. Power your eDaily at home or in the depot with premium partner chargers carrying the exclusive quality label “**Recommended by IVECO**”, including a 22 kW AC Wallbox made in Europe and fully tested for interoperability, plus DC fast chargers for demanding operations. Enjoy peace of mind with expert installation and multi-year assistance coordinated by the IVECO Customer Uptime Center, and access 1,000,000+ public points using the IVECO eCharge Card, all managed through IVECO ON and the Easy App. Availability of products and services may vary by country. Please check with your local IVECO dealer.

8-year and up to 250.000 km
battery warranty.

* 112 MWh with 77 kWh CATL battery

Comfort and functionality.

The cab is designed around you, with a car-like dashboard and a host of new features and functionalities to provide a superior work environment with a user-friendly interface, so you can focus on doing your job comfortably.

Functional dashboard

The new dashboard with ready-to-use storage compartments is designed to make your life easy with phone and tablet holders, wireless charging and all the spaces for your belongings.

Configurable cluster

Easily read all your vehicle's information on the standard 10 inch cluster with a wide screen and larger font sizes. Choose from three layouts, easily switching with the stalk lever button.

Infotainment

Enjoy your life on board with the 10 inch high-resolution colour display integrated into the dashboard. Navigation is simple and intuitive, and you can link your mobile device with mirroring and use IVECO Driver Pal with the in-cab microphone.

DAB radio

You can easily interact with the new DAB radio using the 7 inch touchscreen display and voice recognition, and connect your mobile device.

Supreme seating comfort

The seat cushion, backrest and headrest in memory foam deliver more safety and comfort with a premium driving experience. The seat and levers are designed to facilitate frequent entry and exit, typical of delivery missions.

Hands-free entry & exit

Deliveries are fast and convenient with the new Keyless Entry & Go feature, consisting of keyless operation of the eDaily's door locks and engine Start&Stop function.

Effortless safety on the road.

The eDaily offers a safe and stress-free driving experience with a host of new Advanced Driver Assistance Systems that will make driving on the road and in traffic, manoeuvring and stopping for deliveries effortless. The new ADAS are particularly valuable in urban missions, where they will help avoid possible collisions with pedestrians or cyclists.

1 TRAFFIC JAM ASSIST

Automatically follow the traffic flow and stay in your lane.

2 LANE CENTERING

Automatic steering to continually center the vehicle in its lane.

3 ADAPTIVE CRUISE CONTROL WITH STOP&GO

Cruise safely on the road, automatically keeping pace and stopping with the vehicle in front.

4 AEBS & CITY BRAKE

Avoid collisions in city traffic and protect Vulnerable Road Users.

5 TURN ASSIST

Turn safely, automatically braking to avoid collisions.

6 INTELLIGENT SPEED ASSIST & TRAFFIC SIGN RECOGNITION

Always keep to the speed limit and keep safe with alerts and traffic sign recognition.

7 BLIND SPOT INFORMATION SYSTEM

Turn safely protecting cyclists.

8 BLIND SPOT & DOOR OPENING WARNING

Change lane and manoeuvre with confidence and open the door safely.

9 REAR CROSS TRAFFIC BRAKING

Reverse with confidence.

10 ADVANCED DRIVER DISTRACTION WARNING (ADDW)

Monitors the driver's attention and fatigue levels through a camera mounted on the driver-side windshield pillar. When signs of drowsiness, fatigue, or distraction are detected, the system issues visual and acoustic alerts.

Note: the ADDW camera does not record or store any video during driver monitoring and does not use any biometric data, including facial recognition, for its operation.

IVECO

eDAILY

All the power you need.

The eMotor of your eDaily delivers the same performance as the Daily you know, with 140 kW maximum power hold for 2 minutes (industry standard 30 seconds). It is exceptionally responsive thanks to the instant electric torque. Together with the best-in-class manoeuvrability, it makes driving eDaily a delight. And, for heavy-duty missions, the rear-wheel drive will power through the toughest jobs.

Hi-Power.

For a temporary boost.

The eDaily's distinctive Hi-Power function maximizes performance to give you a boost when you need more power, for example when overtaking a vehicle.

Best-in-class towing capacity.

Up to 3.5 t.

eDaily is a true towing champion. It holds the record-breaking title for towing the heaviest weight by an electric van with a standard production 3,5 t van equipped with a 140 kW rear-wheel drive drivetrain with 400 Nm torque towing a massive 153,58 t – also breaking records set by all-wheel drive cars.

Any mission you can think of. Including yours.

All bodies, all conversion opportunities, all missions – and the versatility of the eDaily you know.

An **ePTO up to 50 kW** is available as electric plug or additional electric motor to power refrigeration, cranes and other superstructures, even when the vehicle is switched off. **You can also plug your vehicle into an electrical socket as a power supply for your equipment.**

3 CONSTRUCTION

4 CONVERSIONS

Choose the suspension to match your mission.

A wide choice of rear suspensions, from the AIR-PRO pneumatic intelligent suspension to the new mechanical rear suspension that will enable a bigger payload.

AIR-PRO.

The intelligent suspension.

The air suspension provides a supremely comfortable ride with excellent stability, protecting you and your load. You are in control: you can choose the best set up, prioritising comfort or performance as needed.

New rear suspensions with payload increase.

A new rear composite leaf spring suspension with progressive stiffness, available as option for single wheel version, enables a payload increase while delivering a performance comparable to the standard double-leaf suspension.

The whole line-up. Nothing missing.

		Height / Load volume			Gross vehicle weight (tons)	
		H1 (1.545 mm)	H2 (1.900 mm)	H3 (2.100 mm)	Min.	Max.

5.100	-	-	6,0	7,2

All body variants up to 7,2 t GVW

single wheels / twin wheels.

Some say electric vans are only suitable for door-to-door missions.
eDaily thinks different: electric means future – and the future comes in all body variants.

eDaily is offered in Van, Cab, Crew Cab, Chassis Cowl and people mover versions, and is confirmed as the most versatile and complete base for conversions, offering a wide combination of wheelbases and gross vehicle weights.
No parts protruding from the upper frame and digital and analogic interfaces (as in example the CAN BUS 2.0B) make eDaily the **most versatile and complete EV base for conversions.**

eDaily is the only electric LCV to offer **alternative rear axle ratios** on the 50C (3,56 or 4,44) and 72C versions (4,23 or 5,13) to optimize either performance or efficiency.

Maintenance & Repair.

You can protect the value and performance of your vehicle and your business productivity with a Maintenance & Repair offer.

Our maintenance and repair contracts plans will maximize your vehicle availability and you can rely on our skilled workforce and guaranteed high-quality IVECO Genuine Parts.

Combine the M&R services to build a contract tailored to your needs:

MAINTENANCE

Maintenance and lubricants, oils and fluid changes according to the M&R Handbook.

WEAR

Covers clutch, brake pads, brake discs, brake drums or brake linings for drum brakes.

DRIVELINE

Covers eMotor, transfer box, propeller shaft, axles and component repairs.

FULL REPAIR

Raises further the level of cover extending the DRIVELINE contract with repairs to the braking system (excluding wear components), PTO, chassis, suspension, inverter, CMU,

Your IVECO eDaily comes with 2-year FULL REPAIR cover included in the standard warranty.

Choose and combine to meet your requirements:

You can choose the best service* levels for your business size and needs, knowing that the associated costs are fixed and predictable.

IVECO Services Solutions.

The complete development of state-of-the-art vehicles is important to provide our customers with Mobility Solutions that best meet their needs. At IVECO, our goal is to improve the productivity and profitability of our customers' businesses. We do this by maximising vehicle uptime and efficiency, driver safety and environmental protection.

Uptime

To maximize your vehicle's uptime by preventing unplanned stops through proactive monitoring and 24/7 roadside assistance. Rely on Aftersales excellence and EV expert support at certified service points, and plan ahead with uptime notifications, maintenance reminders, and tailored Maintenance & Repair contracts.

Driver Care and Safety & Security

To promote a safer driving style, improve the drivers' performance and increase their safety for a better experience behind the wheel.

eMobility

IVECO eMobility services enable you to identify the most efficient routes and charging plans, maximise your vehicle's range with remote controls and optimise uptime and energy efficiency with our timely alerts on your vehicle's remaining charge.

Productivity & Efficiency

To reduce energy, optimise routes and improve your drivers' driving style for a more productive and efficient business with lower running costs.

Parts & Accessories

Our extensive offer of high-quality parts and services enables you to customize your vehicle and enhance your life on board.

Service bundle.

All vehicles come with a connectivity box installed, enabling activation of the Standard eStart Pack and the option to add Premium Mobility Solutions tailored to your business goals (terms and conditions apply).

Standard service bundle.

eStart Pack

Essential tools to monitor and control your EV, boosting productivity, efficiency, and sustainability.

- **IVECO ON Access.** Fleet visibility through the IVECO ON portal for real-time data and simplified management.
- **Easy eDaily App.** Driver-friendly app for quick access to vehicle status, charging points, and key info.
- **Uptime Monitoring and Management.** Continuous health checks and proactive alerts to prevent downtime.
- **eRemote Control.** Schedule and manage charging and comfort features remotely for cost efficiency and readiness.
- **eRange Assurance.** Accurate range prediction and battery alerts for stress-free planning.

Premium services.

Tailor your Mobility Solution with powerful add-ons:

- **IVECO ON WebAPI.** Integrate fleet data into your systems for advanced analytics and automation.
- **IVECO ON Plus.** Location-based services with live vehicle positioning for smarter job planning.
- **IVECO eCharge Management.** Public charging access with IVECO eCharge Card, simplifying admin and cost tracking.
- **Driver Pal*.** Voice assistant with Amazon Alexa to interact with your vehicle, access IVECO ON services, and stay connected hands-free.
- **Smart Routing*.** Plan smarter trips with TomTom Live Services through traffic-aware navigation, accurate range prediction, and charging stop planning.

*Available on 10" Infotainment for 2Y. Requires an active connectivity contract.

Premium bundles.

Enjoy comprehensive packs for peace of mind, simplified charging, and improved efficiency:

- **IVECO eCharge Pack.** Combines private chargers and public network access in one solution with a single interface and contract.
- **Driver Assistant.** Extends Smart Routing and infotainment features, adding extra years of connected experience.

Genuine Parts

HIGH PERFORMANCE

IVECO Genuine Parts will keep your eDaily performing at its best during its long years at your service – and cost-efficiently. With these parts, you will enjoy the peace of mind of knowing they have been rigorously tested for safety, consistency and reliability, and come with a one-year warranty.

Accessories

ENHANCED EXPERIENCE

IVECO Accessories

Customize your eDaily to perfectly match your requirements with our high-quality accessories specifically designed to boost your vehicle's efficiency and performance, increase your safety, and enhance your comfort.

IVECO

Assistance Non-Stop

IVECO Assistance Non-Stop is just a phone call away 24 hours a day, 7 days a week to keep your eDaily and your business running.

IVECO Non-Stop is the original IVECO smartphone application that you can use to communicate with IVECO if your vehicle breaks down. Just insert your vehicle information (VIN and registration plate) and with a simple push of a button you can send a request for assistance to the IVECO Customer Uptime Center. We will take care of your request immediately, activate the nearest workshop and follow up on the vehicle's repair. Through the app you can receive updates on the progress of your vehicle's assistance.

IVECO CAPITAL Financial Services

IVECO CAPITAL is the financial services brand of Iveco Group and offers a comprehensive range of solutions for commercial, industrial vehicles and buses. Our customers can build the perfect financial formula* to fit their always evolving needs, modulating financing, insurances and services.

With a long-standing market presence, IVECO CAPITAL is a reliable partner, adding value to our customers' businesses by providing simple, innovative access to a dynamic ecosystem of services.

PUBLICATION L2645501MASTER - 03/26

The information contained in this brochure is based on the best data available to Iveco Group following its internal tests and simulations, pending the vehicle homologation, therefore the information concerning availability and capabilities may be subject to change. Officially homologated driving range will be published closer to the vehicle's sales date, moreover, in every case, the data may vary due to various factors (e.g. truck equipment, driving style, weather conditions, route mission, vehicle condition, age and condition of the lithium-ion battery). The information and images in this brochure are provided as a guideline only. IVECO reserves the right to make changes for any commercial or construction reasons at any time without notice.
